

SCSBOA Music Lists Submission Guidelines

The SCSBOA membership is encouraged to submit worthy compositions to be considered for addition to the SCSBOA Music Lists. Remember that all ensembles performing at SCSBOA festivals must play one selection off the SCSBOA Music Lists. If you have a selection approved for our music lists, you can use this piece immediately as your required selection during our 2012 festival season, provided that it is at the appropriate grade classification for your ensemble.

The process of submitting a piece for consideration of addition to our music lists is a relatively simple 4-step process:

- 1) Provide the name, composer, and publisher of the composition.
- 2) Suggest the SCSBOA classification grade-level you believe to be appropriate for the composition.
- 3) Provide a copy of the complete score. This can either be mailed, or if an online copy is available for viewing, you can simply provide the URL address.
- 4) Provide a recording of the composition. This can be mailed as a CD recording, or emailed as an mp3 file attachment. If an online recording is available for listening, you can simply provide the URL address.

For **band** compositions, if mailing materials send them to:

Paul Bluto: V.P. of Music Lists
30132 Sawgrass Rd.
Cathedral City, CA 92234

If emailing materials, send them to: Muzakibus@aol.com, or paul.blutojr@dsusd.k12.ca.us

This year I am happy to have the assistance of Kay Crask in evaluating all full and string orchestra compositions that are submitted for consideration.

For **string** compositions, if mailing materials send them to:

Kay Crask
4760 Avenida de las Estrellas
Yorba Linda, CA 922886

If emailing materials, send them to: kcrask@pylusd.org

Please allow several weeks for the review of your submission. If you are hoping to play the submitted piece as your required selection for festival this year, it is especially important to allow sufficient lead-time for consideration. We will make every attempt to return original copies of scores to you in a timely manner. A self-addressed return envelope for the score would greatly aid in this process (although not required).

The deadline for submitting scores for consideration to the SCSBOA Music Lists for the 2011 festival season is February 13th, 2012. This deadline must be strictly observed in order to evaluate all scores in time for our first festivals in early March.

Sincerely,

Paul Bluto
V.P. of Music Lists
SCSBOA
